

CENSUS 2000: MONTANA

Median Earnings for Males

Montana Average: \$30,503

Earnings - Earnings are defined as the sum of wage or salary income and net income from self-employment. "Earnings" represent the amount of income received regularly for people 16 years old and over before deductions for personal income taxes, social security, bond purchases, union dues, medicare deductions, etc.

Median Earnings - The median divides the earnings distribution into two equal parts: one-half of the cases falling below the median earnings and one-half above the median.
